

Seminars of the
CRPR - Centre for Radiation Protection Research

<http://www.gmt.su.se/crpr>

The CRPR invites you to the seminar entitled:

Bystander effects, adaptive response and individual sensitivity, a challenge to current radiation risk estimates?

by:

Prof. William F. Morgan

Director of Radiation Biology and Biophysics in the Biological Sciences
Division at the Pacific Northwest National Laboratory (PNNL) in
Richland, WA, USA

when and where:

Tuesday, Oct 15th 2013, 14:00, room E306
Svante Arrhenius väg 20C, Stockholm University,
106 91 Stockholm *Everyone is welcome...*
